

## Mohammad AL-Baqer Attwi

### Full Stack Developer

Lebanon, Beirut

+96181641596

[mhmd.baqer.attwi@gmail.com](mailto:mhmd.baqer.attwi@gmail.com)

Driven by curiosity, I actively engage in exploring technology's intricate world, leveraging my solid programming foundation through projects and coursework. Thriving on challenges, I find fulfillment in crafting algorithms and developing applications, with a keen interest in web development. Committed to continuous learning, I pursue growth in this dynamic field, eager to contribute to its evolution.

## Skills

---

- **Programming Language:** JavaScript(+jse6), Java, C#, C, Dart, Flutter
- **WEB-development Frontend:** HTML, CSS, React
- **WEB-development Backend:** Node.js, Php, Express.js
- **DataBase:** MySQL, Mongo DB
- **API**

## Projects

---

<ul style="list-style-type: none"><li>• <b>Social Media</b></li></ul> (React, Node, mysql, api, responsive)(On progress) <a href="https://github.com/BaqerAttwi/Social-Media">https://github.com/BaqerAttwi/Social-Media</a>	<ul style="list-style-type: none"><li>• <b>FoodStore</b></li></ul> (Html, Css, Javascript, Php, Mysql, responsive) <a href="https://github.com/BaqerAttwi/Food-store">https://github.com/BaqerAttwi/Food-store</a>	<ul style="list-style-type: none"><li>• <b>BookStore</b></li></ul> (html, css, responsive) <a href="https://github.com/BaqerAttwi/BookStore">https://github.com/BaqerAttwi/BookStore</a>
<ul style="list-style-type: none"><li>• API Calls To check Nationality</li><li>• Allow Users to post img, article, text, friends, add friends</li><li>• Allow users to interact by like and comment</li></ul>	<ul style="list-style-type: none"><li>• Admin panel to add items and see feedback</li><li>• User can add feedback for the restaurant</li><li>• User see all admin upload</li></ul>	<ul style="list-style-type: none"><li>• Books with description</li><li>• Amazing Design and responsive</li><li>• User can search for price and name of a book</li></ul>

## Education

---

- **Computer Science-LIU (Beirut)** September 2021 – June 2024
- **Bachelor LS degree sunrise-high school** September 2018 - June 2021

## Volunteering

---

- **Red Cross**

## Languages

---

- **English**
- **Arabic**

## Core Competencies

---

- **Data Structures & Algorithms**  
Proficient in fundamental data structures and algorithms for efficient problem-solving.
- **Operating Systems & AI:**  
Familiar with core concepts of operating systems and artificial intelligence.
- **Object-Oriented Programming:**  
Experienced in designing and implementing object-oriented solutions for software development.
