

# Hussein Daher

## Full-Stack WEB DEVELOPER

### Work Experience

#### Full-stack developer Internship at Arch Co.

March 2023 to August 2023 (6 months)

- Mastered the entire web development lifecycle, including conceptualization, design, frontend, and backend development
- Successfully deployed portfolio and e-commerce websites, showcasing proficiency in JavaScript, HTML, CSS, jQuery, PHP, SQL, Ajax and MERN stack.
- Collaborated with a dynamic team to design, develop, and publish websites, demonstrating effective communication and teamwork skills.
- Honed technical skills and cultivated a problem-solving mindset while working in a fast-paced environment.

#### Full-stack developer Program at ESA Coding Lab

November 2023 to April 2024 (6 months)

- I received comprehensive training in essential technologies and worked in a team of four members.
- Had the privilege of serving as the Scrum Master, overseeing project management and ensuring effective collaboration within the team.
- Led the development of three projects:
  - **HealthHub Medical Center:** Developed a booking system website using JavaScript, HTML, CSS, jQuery, PHP, SQL, Ajax, Fetch, and other relevant technologies.
  - **SerenitySeek:** Contributed to the development of a MERN stack website aimed at revolutionizing travel package management for companies while providing personalized and budget-friendly options for travelers.
  - **ChatApp:** Collaborated on the creation of a decentralized chat application utilizing technologies such as Solidity, Next.js, Hardhat, and MetaMask.

### Certificates

#### Bachelor of Computer Science

Institution: American University of Culture and Education (AUCE)

Year of Graduation: 2023

#### Full Stack Developer Program

Institution: ESA Coding Lab

Year of Delivery: 2024

#### Full Stack Web Developer

Institution: ESIEE-IT

Year of Delivery: 2024
