EXPERIENCE

Baladeyati, Jouaiyaa, Lebanon — Web Developer

SEP 2023 - JAN 2024

- As a backend developer, I've developed multiple APIs with their database models, using laravel framework while aligning with other developers
- As a frontend developer, I've developed and designed components used in various sections using ReactJs

PROJECTS

FurniNow— *Furniture Ecommerce Site*

Designed and developed the frontend for a furniture ecommerce site using ReactJs, CSS using MUI package.

PROFILE

Ambitious and goal-oriented, I work hard and never stop learning to finish every step with distinction. I believe that, as the present is based on the past, the future is based on what we do now. And so, tomorrow is our responsibility, both collectively and individually.
