EDUCATION

Computer Science
Antonine Univeristy
2023 - Present

Baccalaureate - LS
Lycee De La Finesse
2008 - 2023
Grade: 16.67/20

SKILLS

Swift - SwiftUI

Java

C++

HTML - CSS

Javascript

Google Firebase

ABOUT ME

As a second-year Computer Science student who has been coding since the age of 14, I bring a wealth of hands-on experience across diverse programming fields. I am eager to leverage my problem-solving skills and deep knowledge to contribute effectively as an intern. With confidence, hard work, and adaptability, I am ready to immerse myself in real-world applications and make meaningful contributions to your team.

WORK EXPERIENCE

RUNNING WEBSITE & MOBILE APP CROSSFIT SPORTSWEAR   2023 - Present

- Responsible for adding, deleting and updating all items across both the website and the mobile app.
- Learned how to work as a part of a team and how to maintain communication and productivity with colleagues.

SOLD COMPUTER HARDWARE SELF-EMPLOYED   2021 - 2023

- Bought, sold, and repaired PCs and computer parts in the local market.
- Enhanced my social and communication skills by bargaining and negotiating with customers

PROJECTS

NexTask (to-do-list)

- Performed CRUD operations using CoreData framework.
- Performed on device notifications using UserNotifications framework.

Mantra (breathing-exercise)

- Used a Timer to perform custom app logic that handles timings and animations.

SkillSprint (project-listings)

- Used Google Firebase SDK to implement LOGIN and SIGNUP functionality.

Java University Project (MIS)

- Leveraged the power of OOP principles to create an Exam Maker console app that contains LOGIN, SIGNUP, and CRUD functionalities.
