Fev. 2022 – Jul. 2022	**Second Public School of Jbeil**	Jbeil, Lebanon
	Position held: Math and Physics Teacher (Grades 6, 7 and 8)	

INTERNSHIP

July. 2024 – Aug. 2024 (7 weeks) — **MyDolphin Academy** — Online

Position Held: Web developer trainee

- Completed intensive training in web development, including frontend and backend technologies, with a focus on SQL, Angular, DevExpress, and Bootstrap for web application development and API integration.
- Gained foundational knowledge in business operations, visual inventory management, accounting principles, and financial reporting through coursework in Visual Dolphin Inventory, Visual Dolphin Accounting, and business concepts.

Jan. 2024 – May. 2024 (20 h per week) — **Technosoft** — Jisr El Bacha, Lebanon

Position Held: Software developer trainee

- Developed and maintained software solutions using AML (Advanced Modeling Language), focusing on enhancing application functionality and performance.
- Collaborated with cross-functional teams to design, test, and implement new features and improvements.
- Assisted in debugging and troubleshooting software issues, contributing to a more stable and efficient codebase.

PROJECTS

- Developed a Scout Data Management System with Social Media Integration.
- Created a Pharmacy System using UML, PHP, and Android.
- Designed a Music Website using HTML5, CSS, and JavaScript

CERTIFICATES

- CCNAv7: Introduction to Networks.
- PCAP: Programming Essentials in Python.

VOLUNTEERING

Teach for Lebanon's One Thousand- and One-Nights Program
- Taught grade 3 students in 2022, promoting civic values and social cohesion.
