SUMMARY

As a highly motivated junior Computer Science student, I am actively seeking an internship position to apply and enhance my skills in a professional setting. Eager to contribute my passion for technology and solid foundation in programming languages such as Java and Python to your dynamic team. I am excited about the opportunity to bring a fresh perspective to your company and gain valuable hands-on experience.

EXPERIENCE

Intern – Watch Sales and Repair Romanson

October 2021 – December 2021

- Played a vital role in customer service and technical operations. As a key sales team member, engaged customers, provided detailed watch information, and efficiently managed the point-of-sale system. Concurrently, contributed to the technical side by assisting watch technicians, gaining hands-on experience in repair and maintenance. Achieved a holistic understanding, blending customer-centric skills with technical proficiency in the watch industry, encompassing retail dynamics and repair intricacies.
