English

PROFILE

Dynamic web developer with a diverse skill set in both front-end and back-end development. Driven to create efficient, user-friendly web applications, committed to continuous learning, and eager to contribute to impactful projects. Solution-oriented with a strong attention to detail.

WORK EXPERIENCE

Freelance Web Developer   2022 - Present

- Develop and maintain responsive, user-friendly websites and web applications using React.js and related technologies.
- Write clean, efficient, and maintainable code using HTML, CSS, and JavaScript (and relevant frameworks/libraries).
- Implement front-end and back-end functionalities to meet project requirements and user needs.
- Stay updated with industry trends, best practices, and emerging technologies to continuously improve skills and deliver innovative solutions.
- Revitalised the digital footprint of a client's website, breathing new life into their online presence and orchestrating a 25% surge in website traffic.

Sales Consultant   2019 - 2021

PWAN

- Coordinated appointments to showcase marketed properties.
- Assisted clients in finding the best properties for investment.
- Provided support to clients throughout the buying and selling process of properties.
- Researched commercial and residential real estate deals.

Sales and engineering executive   2017 - 2019

Datacomm Express

- Assisted in the sales department, addressing calls for consultancy, complaints, and inquiries.
- Worked as an assistant engineer in assembling and configuring CCTV cameras.
- Troubleshooted and configured routers.

PROJECTS/CONTRACTS

Regal Solicitors landing page:
- Developed a responsive landing page for Regal Solicitors, a legal services firm, using React.js, Tailwind CSS, and Framer Motion for engaging animations and effects.

Personal Portfolio Website
- Developed a personal portfolio website https://nnamdiekechi.com to showcase my projects and skills.
