Jad Salameh

Baabda,1003, Lebanon | (+961)76726381 | jadsalameh1800@gmail.com

Aspiring Software Developer with a foundational understanding of software design and development, and an interest in leveraging software testing technologies to enhance application quality. Committed to continuous learning and exploring diverse technical domains to deliver innovative solutions.

Experience

Pixel Path

Front-End Developer Intern | October 2023- December 2023|

- Acquired proficiency in building responsive websites using React and TypeScript, implementing modern design principles. This included creating two distinct projects from the ground up.

- Utilized the Styled Components library to craft modular and visually consistent components, ensuring a seamless and cohesive design across the entire application.

- Demonstrated the ability to organize projects effectively by implementing a well-structured approach to pages and components. This ensured scalability, maintainability, and ease of collaboration within the development team.

- Implemented robust routing mechanisms to seamlessly connect different sections of the website, providing users with a smooth and intuitive navigation experience.

- Gained proficiency in version control using Git, creating branches, committing code, and making pull requests. Developed a solid understanding of the collaborative development process, including merging code changes and resolving conflicts.

Grace Of Earth

Shopify Store Manager & Developer | February 2024 - Present|

- Oversee daily operations of an online store, including updating products, managing content, processing orders, and maintaining the website.

- Enhance website design and layout through personalized customization to improve user experience and drive sales.

- Monitor store performance metrics and analyze data to identify areas for improvement and optimize sales and conversion rates.

- Provide customer support and resolve inquiries or issues related to orders, products, and website functionality in a timely and professional manner.
