

Tony Nouhra

Lebanon, Beirut | +961 71 001417 | nouhra.tony@hotmail.com | www.linkedin.com/in/tony-nouhra

Professional Summary

Skilled full-stack software engineer with comprehensive expertise in DevOps, including Docker and Kubernetes, and a strong foundation in cybersecurity. Skilled in employing advanced encryption and secure coding practices to fortify product security. Dedicated to fostering innovation in technology development environments, I am keen to apply my technical knowledge and problem-solving skills to craft secure and scalable solutions tailored to meet the progressive challenges of the tech industry.

Core Competencies

- Python Flask & FAST API Master
- Java Backend Development
- Agile and Scrum Methodologies
- Continuous Integration and Continuous Deployment (CI/CD)
- Micro services and API Integration

Experience

Monty Mobile

Software Engineer | Jan 2021 – Present

- Managed and optimized SM-DP+ operations, integrating services like ES9+ and ES2+, and automating key cron jobs to streamline workflows.
- Administered HSM operations, ensuring secure encryption, decryption, and data handling, which significantly reduced security incidents.
- Spearheaded the integration of CI/CD pipelines using Jenkins and GitLab, improving deployment speed by 40% and reducing manual efforts.
- Automated testing and deployment procedures, enhancing code quality and reducing post-deployment bugs.
- Introduced automated monitoring tools, reducing system issue response time by 30%.
- Led R&D initiatives, utilizing full-stack development (Python) to improve project delivery by 15% and enhance code efficiency.
- Integrated automated testing and performance benchmarking, reducing manual testing efforts by 20%.

Education

Lebanese University

- Master 2 Degree – Cyber Security | 2021

Lebanese University

- Master Degree – Computer Science | 2020
- Teaching Diploma – Computer Science | 2020

Lebanese University

- Bachelor of Science – Computer Science | 2019

Technical Skills

- Java, Golang, Python, ReactJs
- SQL & NOSQL
- Bootstrap CSS
- RDB: PostgreSQL, MySQL, Oracle
- Queuing Technologies
- CI/CD
- Telecom (ESIM)
- MongoDB

Languages

- English, Full Proficiency
- French, Full Proficiency
- Arabic, Mother Language
