

AHMAD KHANKAN

Full stack developer

Trautenaustasse 8 Berlin • Af.khankan@gmail.com • +4915225786774

SUMMARY

Dynamic and innovative Computer Science graduate with a strong hands-on experience in various programming languages, with a keen interest in emerging technologies.

A dedicated learner with a passion for problem-solving and a drive to contribute to impactful projects in the field of technology. Seeking opportunities to apply and further develop skills in software development.

PROFESSIONAL EXPERIENCE

Global Health Institute (AUB) – Full stack developer

Beirut, Lebanon

April 2023 – February 2024

- Collaborate with cross-functional teams to implement modular and reusable components, promoting efficient code maintenance and scalability.
- Utilize RESTful APIs to seamlessly fetch and update real-time data, ensuring optimal performance and responsiveness in the web application.
- Demonstrate proficiency in implementing CRUD operations to effectively manage data within the application, providing a seamless user experience.
- Implement state-of-the-art state management solutions like React Context or Redux, ensuring efficient handling of application-wide state and maintaining data integrity.
- Conduct thorough testing and debugging to identify and resolve potential issues, contributing to the overall stability and reliability of the web application.
- Engage in continuous learning and stay updated with industry best practices and emerging technologies, ensuring the application is built with the latest and most effective approaches.

Organizer LTD (Front-End Developer Internship)

Beirut, Lebanon

June 2022 – October 2022

- Develop responsive and user-friendly web applications using ReactJS.
- Creating Reacts pages using (Tailwind-CSS).
- Utilize state management libraries like Redux for handling application state.

EDUCATION

Lebanese International University

Bachelor in computer science -September 2020 – August 2023

SKILL

- Reactjs/Nodejs/Expressjs/C#.net
- Javascript/Java/C#/Python
- CSS/HTML
- MongoDB/Mysql/Microsoft sql server

LANGUAGES

- Arabic (Native)
- English (Bilingual)
- Swedish (Full Professional)
- German (Professional Working Proficiency)
- French (Professional Working Proficiency)
