ABDALLAH HIJAZI

WEB DEVELOPER / CYBERSECURITY ANALYST

Tripoli, Lebanon | Hijaziboudi0@gmail.com | www.linkedin.com/in/abdallahhijazi | +961 79 314 855 |
github.com/Abdallah-hijazi | abdallah-hijazi.github.io/real-portfolio/Abdallah-hijazi.html

Experienced in PHP, Angular, React JS and knowledgeable in responsive web applications and high-quality software solutions. Proficient in mitigating web vulnerabilities in cybersecurity and mastering multiple programming languages and security tools. My accomplishments in bug bounty hunting, competitive programming, and hackathons highlight my dedication to innovation and digital defense.

EDUCATION

COMPUTER SCIENCE, CNAM   October 2022 - Present
Completing my third year in Computer Science at CNAM University, expected graduation in 2025, with a 3.8 GPA

HIGH SCHOOL GRADUATE IN LIFE SCIENCES, MAWAHED OSTA SCHOOL   July 2021
Graduated with a Baccalaureates degree with a score of 16.05/20.

PROFESSIONAL EXPERIENCE

FREELANCE WEB DEVELOPER   Present
- Delivered 10+ web applications, including e-commerce sites in multiple languages.
- A Business Process Model Language research website for AOU (Saudi Arabia Branch) - Js and API-focused.

BUG BOUNTY HUNTER   Present
- Discovered and reported multiple vulnerabilities on platforms like HackerOne, leading to security improvements in web applications.

FRONT-END DEVELOPER, Interphase   October 2023 - March 2024
- Developed responsive web pages, achieving a 25% reduction in page load time.
- Collaborated with designers to replicate layouts accurately, leading to a 15% increase in user engagement.
- Created and executed test cases, contributing to a 30% reduction in post-launch bugs.

CERTIFICATES

Fundamentals of Cyber Security, Youbee.ai   2024
Completed the fundamentals of Cyber Security course with youbee.ai covering the basics vulnerabilities (XSS, CSRF, and more).

JUNIOR WEB DEVELOPPER, CNAM   2024

Advanced Cyber Security, Youbee.ai   2024
Accomplished the Advanced Cyber Security course with youbee.ai covering advanced and critical vulnerabilities including blockchains.

Workshop Leader: Cyber Security, Freelancing and Front-End Development   2023
Guided over 180 participants in mastering key industry skills and best practices.

Top 5 National Finalist: IEEE Xtreme V17 Competition   2023
Ranked among the top five in a highly competitive global coding challenge.

Web Development Certification: W3Schools   2019
Completed an in-depth course on HTML, CSS, JavaScript, SQL, Bootstrap, and PHP, mastering web development fundamentals and best practices.

PROJECTS

AOU Website Development (Saudi Arabia) | WordPress, PHP, JavaScript

Designed and maintained the AOU SkillUp website to support student learning resources. https://skillupaou.wordpress.com

Ocumap (Tourist Map Website)

Developed a web application for Ocumap, a company focused on mapping tourist locations across the USA. The site generates and displays coordinates, enhancing travel planning and navigation (2023).

AnyQuizi (Quiz Website) | PHP, Vue.js, CSS

Created and launched AnyQuizzy.com, a website dedicated to fun and engaging quizzes about friendships, enhancing social interaction and entertainment (2022).

Educational Center for Mental Health Awareness

Developed a website focusing on mental health awareness, employing technologies like Figma, ReactJS, CSS, JavaScript, and MySQL to create an interactive and informative platform (2022)

Game Development (Python, Unity)

Built an RPG game independently and started developing a Snake game to enhance programming skills, focusing on mechanics like growth upon point consumption.

SKILLS

- **Programming Languages:** PHP, JavaScript, Python, HTML, CSS, Java, TypeScript, Bash/Shell Scripting, React.js, Laravel, Node.js, Vue.js, Angular, WordPress, Bootstrap, Tailwind CSS, RESTful Services, GraphQL.

- **Web Application Security:**
  - **OWASP Top Ten Vulnerabilities:** SQL Injection, XSS, CSRF.
  - **Penetration Testing:** Burp Suite, vulnerability assessment, and management.
  - **Cryptography:** TLS/SSL, HTTPS.
  - **Authentication and Authorization:** OAuth, SAML, JWT, MFA.
  - **Web Security Tools:** Burp Suite, SQLmap.

- **Databases:** MySQL, MongoDB, NoSQL.

- **Tools:** Git/GitHub, Figma, Adobe XD, Photoshop, VS Code, Webpack, Wireshark, Nmap.

- **Standards and Frameworks:** ISO 27001, NIST, PCI-DSS

- **Additional Skills:** Agile (Scrum), DevOps, API Design, Microservices Architecture, Performance Optimization, Cross-Browser Compatibility, Responsive Web Design, Secure Coding Practices, Analytical Thinking, Effective Communication.

LANGUAGES

- Arabic (Native)
- French (B1)
- English (Professional)
