HACHEM RIFAII

FULL-STACK WEB DEVELOPMENT

Akkar, Lebanon • +961 70 368 361 • Hachemrifai9@gmail.com

PROFILE

Senior Laravel Developer with extensive experience in building robust multi-vendor web platforms. Proficient in React.js and Redux Toolkit, with a solid foundation in MERN stack development. Adept at creating scalable SaaS applications, implementing complex order tracking systems, and integrating email functionalities using SendGrid and SMTP. Passionate about developing innovative solutions to enhance user experience and drive business growth

---

WORK EXPERIENCE

Mid Laravel Developer   2 Years Experience

- Developed a multi-vendor web platform (SaaS) with distinct user roles including user, seller, admin, and super admin.
- Implemented order tracking and cash on delivery features to streamline the purchasing process.
- Integrated email sending functionalities using SendGrid and SMTP for efficient communication.
- Led a team of developers to ensure timely delivery and adherence to best practices.

React.js Developer   1 Years Experience

- Built a comprehensive eCommerce website using React.js and Redux Toolkit.
- Designed and implemented responsive UI components to enhance user experience.
- Collaborated with backend developers to integrate APIs and ensure seamless data flow.
- Optimized application performance and addressed technical challenges.

Junior MERN Stack Developer   1 Years Experience

- Worked on developing a SaaS application using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Assisted in designing and implementing RESTful APIs for efficient data management.
- Contributed to front-end development using React.js to create interactive and user-friendly interfaces.
- Participated in code reviews and debugging to maintain high code quality.

EDUCATION

Computer Science   2024

Computer Information Science
- Strong Technical Foundation: Gained comprehensive knowledge in programming, algorithms, and data structures
- Problem-Solving Skills: Developed critical thinking and analytical skills to solve complex technical problems

---
