SUMMARY

I am an AUB graduate Computer Science Student. I have knowledge in the following programming languages: Java, C, C++, JavaScript, flutter, ASP.NET, html, Python, Assembly and SQL.

EDUCATION

BS Computer Science | AUB- American University of Beirut

2020 – 2024

➢COURSES: Web Development and Design, Mobile Apps Development, Machine Learning, Data Structures, Databases, Software Construction, Software Engineering.

➢HONORS: FAS Dean's Honor list for Fall and Spring 22/23

➢SCHOLARSHIPS: USAID, Qatar Scholarship

PROJECTS

Emol Dajje: عمول ضجة FYP:

Was part of a project of a platform called, Emol Dajje, a device-independent whistleblowing and data collection platform developed using the ASP.NET MVC technology. It serves a purpose for activists, researchers and Lebanese residents in general who may have a concern or interest concerning pollution and health in Lebanon.

https://emoldajje.azurewebsites.net/

Google Drive Clone Project:

Created a Google Drive clone as a project in my Web Development course with a team. We used NodeJS and MySQL.

AUB Café: Cafeteria online reservation system for AUB

Created a cafeteria reserving system for our university as a project in our Software Engineering course with a team. We used NodeJS and MySQL too.

SKILLS

- Have knowledge in the following programming languages: Java, C, C++, JavaScript, html, Flutter, ASP.NET, Python, Assembly and SQL
- Excellent in Excel, Word, and overall computer skills(International Computer Driving License ICDL)
- Currently enrolled in Data Analysis program with Simplilearn Forward MENA
- Working with kids and creating activities for them(3 years volunteer in kids activities in Al-Houla association in Burj Al-Shamali camp-Sour)

ACTIVITIES

Community based project: "الحياة مش فراولة"

Drug Abuse Prevention: A Theater-Based Peer Education Program

in Bissan UNRWAi School

My team and I did a community service project tackling drug addiction in Ain El-Helwe camp. For more information, you can view the pdf below:

https://www.aub.edu.lb/ccecs/esp/Documents/CSP_DrugAbusePreventionAinElHelwe.pdf

Community based internship: Empowering Communities Through Education and Engagement in Burj Al Shamali Refugee Camp
