

Hussein Yassine – computer engineer

HusseinYassine1703@hotmail.com

Beirut, Lebanon; Phone no: +961 81869300

Personal profile:

I completed bachelor degree in computer engineering at Beirut Arab University. According to my studies, I gained a based knowledge in the use of different languages of programming as well as assembly language, some networking skills, web development and mobile app skills.

Currently am upgrading my skills in web development (Full Stack) and searching for any job to afford the normal cost of living.

I consider to Work as one of these positions: cashier, sales, reception, office, administration and all jobs similar to what I mentioned.

Technical skills:

- **Advanced skills** in Microsoft office.
- **Basic Skills** in html, css, java script, c, c++ , java, python and more.
- **Computer engineering Programs:** Matlab, MPLab for assembly languages, lab view, pycharm and more.
- **Languages:** English, Arabic, French & Portuguese.

Key skills and achievements:

- Cooperative and able to be part of a group, hard worker, discrete, and trustworthy.
- Able to meet deadlines and learn new tasks and procedures quickly.
- Analytical and problem solving coupled with decision-making ability.

Licenses & Certifications

- CISCO CCNA 1.0 – **October 2021**
- Ic3 – **January 2021**
- Assisted a CISCO workshop at the headquarter Beirut – **March 2023**
- Mobile device repair certificate – **July 2020**
- Full Stack Web development course with Youtube – **present-December 2024**

Education

1- Bachelor's degree in computer engineering: Beirut Arab University **September 2019–December 2023**

2- LEBANESE BACCALAURATE | **July 2019**

General experience:

- Worked at Brazil, Sao Paulo , where I opened a mobile store and I gained experience there with communicating with costumers, but I wasn't able to continue due to some problems I faced , so I closed my store after six months and went back to Lebanon to continue with my domain (web Developer). **(6 months)**
- Worked as a call center agent at the first communication company in my country Mtc touch , where I gained communications skills, and how to deal with costumers when an error happens. **(1 year)** - Worked at a sales representative at LC-waikiki. (7 months) - Worked at simit saray cashier and waiter.
- Worked at spinneys receiving
- Worked as a mobile repair specialist.
- Worked as a cashier and sales at supermarket kamar
- Worked as a cashier and manager at my father's old store (currently closed, after the crisis)

Professional memberships:

Student member in **Institute of Electrical and Electronics Engineers. (IEEE) (September 2022-2023).**
