---

## OBJECTIVE

A recent graduate in Software Engineering with ten semesters of programming experience in Python, Java, C++, HTML, PHP, SQL databases, JavaScript, and the Linux operating system. Seeking a role to leverage my solid programming knowledge and gain valuable experience.

---

## EXPERIENCE

2022

### Freelance WordPress Developer

- Build and manipulate WordPress websites
- Created web design of local businesses
- Designed eye-catching website renovation

2023

### Software Developer Intern | Creoshift | July 1<sup>st</sup> – August 31<sup>st</sup>

- Collaborated with the development team for a period of two months, gaining hands-on experience with React, and deploying applications using Netlify.
- Utilized React, a popular JavaScript library for building user interfaces, to contribute to the implementation of frontend components.
- Managed codebase efficiently using Git, participating in version control practices.
- Deployed React applications using Netlify, enabling continuous integration and real-time updates of the deployed projects.

2024

### Front-end Developer | Teelinks | Feb 1<sup>st</sup> – Feb 30<sup>th</sup>

- Built UI screens for a mobile app using FlutterFlow.
  - Enabled notifications within the app.
  - Worked with RESTful APIs to send data to the backend.
-

2024

**Front-end Developer Intern | Eurisko | Mar 1<sup>st</sup> – Apr 30<sup>th</sup>**

- Participated in an internship training program with weekly assessments.
- Gained substantial experience through projects modeled on real-world examples.
- Worked with React JS for 3 weeks, then transitioned to React Native for the remainder of the internship.

2024

**Front-end Developer | Tellmiz | Jun 1<sup>st</sup> – Aug 14<sup>th</sup>**

- Developed and optimized user interfaces for mobile application using React Native, ensuring a seamless and intuitive user experience.
- Implemented state management and navigation using Redux to maintain efficient and scalable application architecture.
- Integrated RESTful APIs to enable dynamic data retrieval and interaction between the client-side interface and server-side services.

---

**EDUCATION**

2019 - 2024

**Bachelor of Software Engineering**, Faculty of Computer Engineering and Telecommunications, Antonine University, Mejdlaya Zgharta

2018 - 2019

**Lebanese Baccalaureate, general science section**, Antonine sisters school, Khaldieh Zgharta

---

**TECHNICAL SKILLS**

**Software:** Microsoft Office (Word, Excel, PowerPoint), Adobe CS6 (Photoshop, Illustrator), Visual studio 2017, Netbeans, VMware workstation pro, MATLAB, Visual Studio code.

**Database operation:** SQL server managment studio, MySQL workbench 6.3 CE.

**Programming:** HTML 5, css, Bootstrap 4, JavaScript ES6, jQuery, SQL, Laravel, C#.

---

## **PERSONAL PROJECTS**
