### ABOUT ME

I am a dedicated and enthusiastic Computer Science student with a strong passion for software development, problem-solving, and technology. Throughout my academic journey, I have gained a solid foundation in programming languages such as Python, Java1, and html ,css , php , and have developed skills in web development, data structures, and algorithms. I am eager to apply my knowledge and continue learning in a professional setting, where I can contribute to innovative projects and grow as a developer. My goal is to leverage my technical skills to solve real-world problems and make a positive impact in the tech industry.
