EDUCATION

2025 (Expected): Bachelor's degree in Computer Science – Lebanese University.

2020: Lebanese Baccalaureate in General Science – Collège du Sacré Coeur Gemmayzé.

PROJECTS

Lebanese Rugby Lead Federation Android Application(2024):

- Developed an Android application using Java in Android Studio, connected to a MySQL database via a Node.js backend with Express.js.
- Enabled users to view match schedules, with additional functionality for coaches and admins to manage matches, clubs, teams, and players.
- Streamlined data management for the federation, enhancing coordination and efficiency.

Shelter Application and Website(2023):

- Developed an Android application using SQLite and a React website with Firebase for a shelter.
- Enabled users on both platforms to browse dogs and cats available for adoption.
- Integrated functionality for making donations to support the shelter through the app and website.
- Enhanced the shelter's outreach and simplified the adoption process.

Front-end Coffee Shop Website(2022):

- Designed and developed a responsive front-end website from scratch using HTML, CSS, and JavaScript.
- Created an inviting platform to showcase the coffee shop's menu, ambiance, and special offers.
- Enabled visitors to easily browse the menu, make a reservation, and explore the shop's location and hours in an engaging way.

EMPLOYMENT

Apr 2022 – Jun 2022: Waitress at Poke District|Badaro

- Provided excellent customer service by greeting and attending to guests' needs promptly.
- Played a key role in creating a welcoming and enjoyable dining experience for customers.
- Managed table assignments, followed up with guests, and handled transactions efficiently from start to finish.

SKILLS

- Fast Learner: ability to quickly grasp new concepts, new information and skills.
- Team Player: ability to work well with others and direct the workflow in an environment.
- Communication: ability to actively listen, foster open dialogue, and adapt communication style to effectively resonate with various audiences, ensuring mutual understanding.
- Management and Organizational Skills: ability to work on multiple tasks and deliver optimal outcome within assigned timelines.

COMPUTER SKILLS

- C++, C#, Java, Python, Assembly, Prolog, Matlab.
- HTML, CSS, JavaScript, React.js, Node.js, Express.js, ASP.NET.
- MySQL, Oracle SQL Developer, SQLite, Firebase.
- Android Studio (Java, XML).

LANGUAGE

- Fluent in English, Arabic and French.
