Experience

GreaTECK, Beirut, Internship

June – August 2024

Android Developer

- Worked on updates for an existing fitness and social media app named Actifit.
- Improved the UI/UX of the app by replacing several text buttons with font awesome ones and moving some buttons from settings to main screen.
- Updated the API usage in the app to make depend on a random chosen API instead of a specific one as an implementation node switching capability.
- Integrated the app with some third party services like X and Fitbit.
- Added a translation functionality to translate posts to English using DeepL.
- Used Git as a version control system for code management and collaboration.

DDD Community, Beirut, Volunteer

April – August 2024

Web Developer

- Built a complete website for the community using Flutter for both front-end and back-end.
- Connected the website to Firebase database in order to store and modify needed data for community's events and members and to authenticate users' actions.
- Trained the community committee about the admin role they need to perform in order to update events and view registered members.
- Updated the website frequently to add new functionalities.

VScenic, Beirut, Internship

June – July 2024

Front End Developer

- Developed websites using React, NextJS, Tailwindcss, and Typescript.
- Implemented user friendly design to ensure optimal user experience across various devices.
- Worked closely with designers to translate UI/UX wireframes into functional web pages.
- Collaborated with back-end developers to integrate functionalities and optimize performance.
- Received feedbacks and code reviews from senior developers.

Smart Secure Solutions, Beirut, Internship**May – July 2024***Flutter Developer*

- Worked on updates for an existing E-commerce app.
- Improved the design of the app by changing some colors, fonts, and icons.
- Integrated the app with google maps services via APIs.
- Connected the app with an admin website to allow adding, updating, deleting products and viewing orders.
- Tested all the functionalities of the app from all perspectives, client, admin, and delivery man to prepare the app's updated version.

Bright Champs, Remote, Part Time**January – April 2024***Coding Educator*

- Taught private online coding courses to international students aged from 6 to 16.
- Supported and supervised the students in their homework and projects.
- Conducted demo sessions for students to introduce coding and programming to them.

Poeme Chocolate, Beirut, Full Time**June – July 2023***Sales Person and Cashier*

- Helped, as a part of a team, in assisting the customers through describing and explaining to them about types of chocolate offered in the stand.
- Handled cash transactions from the customers with high accuracy.
