PROFILE

- Dedicated and results-oriented Computer Science graduate with a strong passion for technology. Possesses a solid foundation in programming, algorithms, and software development, complemented by hands-on experience through various internships and academic projects. Eager to leverage technical skills in real-world applications, contribute to innovative solutions, and continuously learn and grow in the tech industry.

PROFESSIONAL EXPERIENCE

Data Analyst internship at MeriSkill	03/2024
Data Engineering Summer Training 🔗	09/2023
Android Development Summer Training	08/2022

EDUCATION

- **Dual Degree in Computer Science at Ain Shams University, Cairo, Egypt And University of East London, London, UK** 2020 – 2024
Cairo, Egypt
- GPA : 3.445

SKILLS

- | | | | |
|-----------------------|-------------------------------|------------------------|-------------------|
| • C++ , Java , Python | • HTML | • SQL /MySQL | • Time Management |
| • Data Structure | • Object Oriented Programming | • Communication Skills | • Power Bi |
| • MS Excel | • PHP | • CSS | • JAVA Script |
| • R | • Microsoft Word | • Microsoft PowerPoint | |

PROJECTS

Automated Pneumonia Detection System Using Chest X-ray (GP)	2024
By Using Deep Learning and Machine Learning Techniques and Integrating them in Web Based Application	
Hospital system	2023
using diagrams and models to draw the system	
Image filters	2023
By using two algorithms to get the best image	
Employee salary prediction	2023
Using AI models and machine learning algorithms to predict the salary of new entered employee	
INBODY ANDROID APP	2022
Android Application Using Java Inform User About His Needed Calories And Macronutrients	
SARAH APP	2022
Using Data Structure Concepts With C++ Programming Language	

COURSES

- Introduction To Data And Data Science** [🔗](#)
- 365 DataScience
- Machine Learning** [🔗](#)
- Analytics Vidhya Online

Ui/Ux

- Workshop in OSC student activities|

Git & GitHub

Udemy

Web Development

- FWD Challenge track from Udacity

HTML Course

- Online
