EDUCATION

General Sciences Diploma

Amjad High School | Bchamoun

2017 - 2021

Bachelor In Computer Science

Antonine University | Baabda

2021 - 2024

WORK EXPERIENCE & INTERNSHIPS

TWO OF US | Byblos

August 2023 - October 2023

Full Stack Development Internship

During my internship in full stack development I had the opportunity to work on various technologies such as ReactJS, NextJS, Typescript, MongoDB, nodeJS and Git. One of the significant projects I worked on was a Threads Web Application

PROJECTS

- **Hotel Website:** Created a responsive hotel website with **HTML, CSS, JavaScript, jQuery, PHP, and MySQL**, featuring an integrated booking system.
- **FYP: Self-Improvement Mobile App:** Developed a multi-feature mobile app using **React Native, Node.js, FlaskAPI, Openai, and MongoDB** to enhance users' physical, mental, and educational well-being. Key features include community engagement, goal-tracking system, physical fitness plans with supplement shop, post section for social interaction, mentor appointments, gamification, emotional & bodyFit assistant chatbot, and educational resources like Library, quizzes and language tools.
- **E-comm Platform:** Created a big scalable e-comm platform using **Laravel, MySQL, HTML, CSS, and JavaScript**, enabling dynamic product management and secure transactions.
- **Threads Web App:** Built a modern social media application during an internship using **ReactJS, TypeScript, Next.js, MongoDB, Node.js, Express, and Tailwind CSS**.
- **Adventure Trip Planner:** Designed and developed a trip planning website **using ReactJS, MongoDB, and Node.js**, integrating interactive maps and trip scheduling features.
- **Medical Hospital Center UI/UX:** Designed an intuitive UI/UX for a medical hospital center's website and mobile app using Figma, focusing on user-friendly navigation.
- **Travel Booking Website:** Developed a comprehensive travel booking platform using **ReactJS, MongoDB, and Node.js**, featuring robust booking and user management systems.
- **Mobile Travel App:** Built a mobile travel booking application with React Native, ensuring a seamless user experience across devices.
- **Task Management System:** Developed a robust task management platform using **ASP.NET, SQL**, enabling efficient team collaboration and task tracking.
- **Employee Management System:** Built an employee management system in **C++** and as a Management Information System in **JavaFX**, optimizing employee data handling.
-

SKILLS

- HTML, CSS, JavaScript, ReactJS, React Native, Laravel, PHP, NodeJS, MongoDB, Git, SQL, REST APIs Java, C++, NextJs, JavaFX, Typescript, UX UI, Figma, MYSQL, Postman, Flask, Python, ASP.NET, VS code, Github, DevOps, Eclipse, Visual Studio, IntelliJ
- Teamwork, Problem Solving, Software Development, Agile, Web Applications, Backend Development, Full Stack Development, Frontend Development, Web Development,
