Rebecca Rayess 

A motivated, driven, and goal-oriented student determined to become a software engineer, hard-working to pave the way towards a promising future. Being a successful person and contributing to human progress and development is my goal and the STEM field has offered me the way.

Experience

JULY 2023 – APRIL 2024 - **Cashier/Storiom Saliba**, KORNET CHAHWAN, LEBANON

Good customer service with absolute attention to detail while handling common cashier responsibilities, often during rush hours and in a generally stressful environment.

APRIL 2024 – DECEMBER 2024 – **Delivery and Customer Service Agent/Storiom Saliba**, KORNET CHAHWAN, LEBANON

Managed end-to-end order fulfillment as a picker, cashier, and customer liaison. Coordinated driver routes for timely deliveries, answered client inquiries and provided exceptional customer service.

SEPTEMBER 2024 – OCTOBER 2024 - **Computer Science Internship/Lyst Technologies**, SIN EL FIL, LEBANON

Collaborated with a professional team on client websites, testing, debugging, and launching applications. Designed UI components, and added new features and functionality, using HTML, CSS, and JavaScript. Also worked with the company's live database and created reports using SQL, and PostgreSQL.

2023 – 2024 - Member of the **Tech Fusion Club** at the Arab Open University

Participated in two workshops organized by the community to develop coding and problem-solving skills, receiving a certificate of participation upon presenting a final project, and utilizing the HTML, CSS, and JavaScript skills taught during said workshops. (Projects include a static portfolio website and a point-of-sale system)
