

## OBJECTIVE

Seeking an internship position as a computer engineering student to gain hands-on experience in software development and engineering, with a focus on utilizing my technical skills and problem-solving abilities to contribute to the success of the team.

As a dedicated and motivated learner, I am eager to apply my knowledge in a professional setting and further develop my skills while contributing to the growth of the company.

## HOBBIES

Sports (Basketball, football, fitness)

## PAUL FARAH

Computer Engineer

## EDUCATION

### Freres Maristes, Jbeil - Lebanon

French Baccalaureate – (Math, physic, chemistry)

### University Saint Esprit de Kaslik

Bachelor Engineering – Computer Engineering  
September 2021 – Expected Graduation in December 2025

## TECHNICAL SKILLS

- ❖ Proficient:
  - JAVA, C#, C++
  - Databases (SQL server, MySQL, PostgreSQL, Prisma)
  - Web (HTML, CSS, JavaScript)
  - Backend (ASP. Net, Nest.js, PHP)
  - Frontend (SAP Fiori/UI5)
- ❖ Familiar:
  - Frontend (Flutter, React Native),
  - Game editor (P5.js)

## PROJECTS

- Battleship game and chess game (using java only OOP)
- System Analysis and Design for a POS Software
- Online Menu and Ordering System (PHP, HTML, CSS, JavaScript, jQuery, google map Api)

## CERTIFICATES AND ONLINE COURSES

- The web developer bootcamp 2023 (Udemy)
- Cybersecurity Bootcamp YouBee.ai

## INTERNSHIPS

- As an intern in the Development Department at Seidor One Middle East, I actively contributed to projects leveraging ASP.NET (C#) for backend development and SAP for frontend implementation. My responsibilities included debugging, enhancing system functionality through the implementation of add-ons, and successfully completing small-scale projects like:
  - Login, register, forget password, Todo list (using ASP. Net)
  - Calendar backend (ASP. Net) Frontend (SAP)
- As an intern at Stitches Studio, I gained experience in Nest.js and Prisma, working on a patient appointment system with PostgreSQL as the database. I collaborated with another developer, enabling patients to book appointments and allowing doctors to manage their schedules efficiently.
