Summary

A dedicated math teacher with 5 years of experience in teaching middle and high school students. Proven record of offering effective instructional programs and targeting individual learning gaps to meet the students' needs. Effective leader who performs well in collaborative environment with students, teachers, and management. Adept at creating learner-centered classrooms and providing various teaching methodologies. Seeking to work in an environment that is conducive to my intellectual, professional, and personal growth, where I can contribute significantly to the growth of the team/organization with strong experience and expertise leading to success.
