CAREER OBJECTIVES

A highly motivated and accomplished individual pursuing a career in the field of engineering with a focus on computers and communications. Currently, I am a third-year undergraduate student at the Antonine University (UA), and I am committed to building my professional career path by enhancing my skill set and knowledge in the engineering field. I am interested in a role where I can assist in the development of network infrastructure, assist in the configuration and the maintenance of network devices, and provide technical support to the team to deliver high-quality output. With a passion for engineering and a solid academic background, I am confident that I can contribute significantly to the success of any organization I work with.

EDUCATION

Antonine University (UA)

Beirut
Sep 2022 – Present

Bachelor of Engineering

Major in Computer and Communications Engineering

- Member of the Pastoral Club where I engage in community work by participating in outreach initiatives and events to encourage individuals to join our spiritual community.
- Helped finance 15% of my tuition fees through merit-based scholarships.

Relevant Academic Courses:

- Object Oriented Programming using Java, JavaFX.
- Data Structures using C++.
- Cisco Certified Network Associate (CCNA).

WORK EXPERIENCE
