### Objective

---

I am an engineering student with a strong passion for the field of cyber security and a deep interest in computer science in general. I am highly motivated to contribute to the ever-evolving world of cybersecurity.

### Education

---

2021 – 2026

**Faculty of Engineering | Mansoura University**

Mansoura, Egypt

*Bachelor in Computer Engineering*

- GPA: 3.7
- Knowledge in Computer Science: OS, Data Structures & algorithms, and Networking and other essential areas
- Being Part of Projects in both software and hardware

### Skills

---

#### Networking

- Understanding the TCP/IP and OSI Model
- Addressing
- Protocols & Terminology

#### Linux operating system

- intermediate knowledge in linux operating system and how to deal with command line interface
- System Management

#### windows operating system

- Fundamental knowledge about Active Directory services and the Windows Domain environment

#### Books

- Sans 401.2
- Sans 401.3

#### Programming Languages

- c, c++, c#, python
- fundamentals of Bash Scripting

#### Problem Solving

- Being able to approach problems from different angles and develop creative strategies to overcome the problem
- competitive programmer on codeforces , leetcode and other websites
- Intermediate knowledge in Data structures and algorithms

#### Web development

- HTML
- CSS basics
- javascript

### Certificates

---

• Security + [🔗](#)

• Soc Analyst path [🔗](#)

### Experience

---

2023 – present

**ICPC Mansoura**

*Technical Member at icpc mansoura community*

2023 – present

**CAT Reloaded**

*Cyber Security Circle Member*
