Objective:

Motivated and detail-oriented second-year Computer and Communication Engineering student, seeking an internship opportunity to apply academic knowledge in a real-world engineering environment. Eager to contribute to innovative projects, enhance technical skills in areas such as signal processing, network design, and software development, and collaborate with professionals in a dynamic and challenging setting. Committed to developing solutions that integrate both computing and communication technologies while gaining hands-on experience in the field.

Education:

September 2023 – Present

Bachelor Degree in Computer and Communication Engineering (CCNE), Lebanese University, Faculty of Sciences, Lebanon.

September 2022 – June 2023

Lebanese Baccalaureate in General Sciences, Najib Biek Salha Official High School, Lebanon.

Work Experience:

September 2023 - Present

Private Tutoring Math, Physics, and Coding

- Delivered personalized one-on-one and group tutoring sessions for students in the first three educational cycles, focusing on math, physics, and basic programming skills.
- Simplified complex concepts into manageable lessons tailored to each student's learning style and pace.
- Supported students in developing problem-solving and critical thinking skills, leading to significant improvement in academic performance.
- Designed interactive and engaging exercises to teach programming fundamentals using tools like Python.
- Collaborated with parents to track student progress and implement effective learning strategies

July 2023-October 2024

Head Waiter Cherry Lane, Lebanon

- Supervised and coordinated a team of 7 waitstaff to deliver exceptional customer service, ensuring smooth daily operations.
- Trained and mentored new staff on restaurant procedures, menu knowledge, and service standards, resulting in improved team efficiency.
- Managed reservations and seating arrangements to optimize table turnover and maximize customer satisfaction during peak hours.
- Handled customer inquiries and resolved complaints effectively, maintaining a 90% customer satisfaction rating.
- Assisted in creating staff schedules, ensuring appropriate coverage while minimizing labor costs.
- Collaborated with kitchen staff to ensure timely and accurate order delivery, contributing to seamless dining experiences.
- Monitored and maintained cleanliness, hygiene, and safety standards in accordance with health regulations.
- Supported management in inventory tracking, stock ordering, and daily cash reconciliations.

Skills:

Technical & computer skills:

- Program Languages: Python, C, C++, Java, C#
- Database Management: SQL, MySQL
- Networking Basics: Understanding of TCP/IP protocols and network topologies
- Highly competent user for MS Office (Word, Power Point, Excel)
- Linear Algebra, functional analysis, debugging and algorithm optimization
- Development Practices: Basic understanding of object-oriented programming and database design principles

Soft skills

- Digital and emotional intelligence
- Sense of organization
- Negotiator and public speaker
- Plan maker and team spirit

Languages:

- Arabic: Native language
- English: Fluent

Personal Information:

- Gender: Male
- Marital status: Single
- Nationality: Lebanese
- Date of birth: 01/03/2006
- Place of birth: Ras EL Maten, Lebanon
