Objective

Motivated Computer Engineering student seeking an internship to apply technical expertise and problem-solving skills in software development, testing, and collaborative environments. Eager to contribute to innovative projects and gain hands-on experience with cutting-edge technologies in a dynamic setting.

Education

Lebanese American University, *B.E. in Computer Engineering, Byblos, Lebanon*   *Sep 2022 – (Expected May 2026)*
- Received the prestigious USAID HES scholarship.
- Placed on the Dean's Distinction list with a GPA of 3.61/4

Projects

Full-Stack Quiz Application   *Fall 2024*
- Collaborated with a team of three to develop a full-stack application for quizzes and study tools as part of a database course project.
- Built using React for the frontend, Python with Django for the backend, and SQLite for database management.
- Key features included creating notebooks, uploading notes, generating flashcards and quizzes, and forming groups for sharing study materials.

React Day Planner   *Summer 2024*
- Developed a simple day planner application using React. This tool enables users to organize daily tasks, promoting productivity and task management.

Portfolio Website   *Spring 2024*
- Designed and implemented a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects, skills, and experiences effectively.

Full-Stack E-commerce Website   *Spring 2024*
- Collaborated with a team of four members in a Data Structures Lab to create a full-stack e-commerce platform using Next.js and Firebase. Features included user authentication, a product catalog, and a secure checkout process.

Extra Curriculum

Core Team Member of the Developer Student Club LAU – *Social Media Marketer*   *Nov 2024- Present*
- Actively contributing to organizing events, workshops, and coding sessions aimed at fostering a community of developers and learners.

Member in Clubs, LAU, Byblos, Lebanon   *Sep 2024 - Present*
- IEEE Artificial Intelligence Club and Developer Student Club.

Volunteer & Tutor – LAU USAID HES Program, Byblos, Lebanon.   *Sep 2022 – Present*
- Tutored object-oriented programming (OOP) and Data Structures.
- Contributed 200+ hours to volunteer initiatives across Lebanon, supervised by the USAID Program.

Millennium Fellowship alumni   *Sep 2022- Nov 2023*
- Collaborated with the United Nations Academic Impact to refine program objectives for the Millennium Fellowship, ensuring alignment with global goals and expanding the fellowship's reach to include 10 new universities across the region.

Chouf Marathon, Lebanon   *Feb 2019 - May 2019*
- Volunteered in organizational tasks and as an usher during the marathon which promotes sports awareness and mental health.
