EXPERIENCE

While I don't have much experience in this field as I never started any internships, I have enough experience in university and assignments that they give us and the projects, as I completed object-oriented programming (OOP) in java and confident enough to give all my skills and knowledge in this field.

Some of the projects I did:

- **To-do list:** using HTML, CSS, JAVASCRIPT
- **Tic-Tac-Toe Game**: Developed a GUI using Java and Python.
- **Calculator**: Created a calculator application using HTML, CSS, and JavaScript.
- **Portfolio Website**: Designed a personal portfolio using HTML, CSS, and JavaScript.
- **Database Project "Doctor Online"**: Developed a web application for patients and doctors to register using SQL.
- **Arduino Projects**: Completed various Arduino projects.

SKILLS

- **Programming Languages**: Java, Python, C
- **Web Development**: HTML , CSS
- **Databases**: SQL
- **Problem Solving and Critical Thinking**
- **Attention to Detail and Accuracy**
- **Learning Agility and Curiosity**

ADDITIONAL INFORMATION

- **Hobbies:** Football is my favourite sport been playing it since a young age. I also enjoy playing chess, one of the best chess players in my university. Also, I spend the rest of my time playing PlayStation.
