ABOUT ME

I'm a passionate and forward-looking programmer with a strong foundation in various programming languages, gained during my education at the university. My academic and personal projects across different domains, combined with self-driven learning, have equipped me with a fresh perspective and practical skills. I'm eager to continue growing as a developer and am excited to work on impactful projects.

SKILLS

HTML
CSS
C++
PHP
MySQL

XML
TypeScript
FLUTTER(DART)
WORDPRESS
JSON

SOFT SKILLS

Communication
Problem-Solving
Team work

CERTIFICATION

AI certificate from Zaka ai

LANGUAGES

English
Arabic(Basic)

WORK EXPERIENCES

Freelance Programmer / Developer
Self-employed

With over 3 years of experience, I have developed websites and mobile applications using technologies such as HTML, CSS, C++, PHP, MySQL, Java, C#, TypeScript, Flutter (Dart), WordPress, and JSON. My projects span from design to deployment, where I focus on creating responsive, scalable, and user-friendly solutions. I am committed to continuous learning and applying best practices in software development.

Teamwork & Collaboration

Throughout my projects, I have consistently worked in collaborative environments, contributing to team success in both academic and freelance settings. I have successfully collaborated with peers and clients, leveraging diverse skill sets to solve complex problems, meet deadlines, and deliver high-quality results. My experience includes cross-functional collaboration, effective communication, and shared problem-solving to create well-rounded and efficient solutions.

EDUCATION

Islamic University of Lebanon

Faculty of Sciences & Arts

Computer Science | Oct 2021- Jul 2024
