

Abdallah Attie

Senior Technical Architect

As an information technology professional with over 12 years of experience, I bring a proven track record of leadership in the realm of IT services and solutions. My focus centers on innovative problem-solving and the enhancement of operational efficiency. I have a deep-rooted passion for advancing security, network, and systems through the use of automation and scripting. My expertise is underpinned by a comprehensive understanding of networking and security concepts, always approached with humility and a commitment to continuous learning.

Graduation Date: July 2013

Skills & Qualifications

Cyber Security

Next Generation Firewalls & IPS (Fortigate, Cisco ASA/FTD, Palo Alto, Juniper).
 Web Application Firewalls (WAF): Fortinet WAF, F5 Big IP LTM and ASM.
 VPN, encryption. Zone based firewall concepts
 Security Vulnerability assessment and reporting tools (Metasploit on Kali, Rapid7)
 Proxy's and captive portal (BlueCoat proxySG, Threatpulse)
 SIEM (FortiSIEM, Qradar)

Identity and Access Management

Organizational Architecture and Hierarchy.
 User/Employee lifecycle management.
 Identity and access governance and auditing.
 Segregation of duties and access mapping.
 Identity and access integration aspects: REST API, DB connectors, generic API endpoints.

Networking

Routing (BGP, OSPF, EIGRP), Switching (STP, RSTP, PVST+, MST, VTP, EtherChannels)
 MPLS, Traffic engineering, PBR, Wireless technologies,
 Networking equipment configuration and maintenance
 (Cisco, Bluecoat Cache engine, A10 Application Delivery Controllers, Huawei, Aviat, HPE, etc.)
 General Networking competencies: Shaping, Policing, filtering, CGN, QOS, FUP, Filtering, PSM, etc.

Network Mgt & Monitoring

Auvik, FortiAnalyzer, FortiSiem, PRTG, Solarwinds, Connectwise Automate,

Programming & Scripting

Python, JSP, Windows Powershell, google Apps Scripts, C/C++, Java, C#, VB.net, Perl, HTML5, CSS3, JavaScript, VBScript.

Operating Systems

Linux (Red Hat: RHEL8, RHEL7,Centos, Fedora, Debian: Ubuntu)
Windows 7-11, Windows server 2012, 2016, 2019.

Languages

English (fluent) – French (Reading, Writing, Speaking), Arabic (Mother Tongue)

Certifications

Check Out my Certifications at [Credly!](#)

- Cisco Certified Network Professional Security (CCNP Security)
- Cisco Certified Specialist - Enterprise Core
- Fortinet FortiSIEM 5.2 Administrator
- Fortinet FortiAnalyzer 6.4 Administrator
- Cisco Certified Specialist - Security Identity Management Implementation
- Cisco Certified Specialist - Web Content Security
- Cisco Certified Specialist - Network Security VPN Implementation
- Cisco Certified Specialist - Network Security Firepower
- Cisco Certified Specialist - Security Core
- Cisco Certified Specialist - Data Center Operations
- CCNA
- Understanding of Cisco Network Devices
- Understanding Cisco Network Security
- Understanding of Cisco Data Center Technologies and Networking

Projects

- Identity and Access Management enhancements and membership enablement (MBRL - UAE) 2023.
- Cleanpipe Cloud Internet Access Project (Ministry of Health - Saudi Arabia). 2022
- IAM project Technical leadership (Ministry of Justice - Saudi Arabia). 2022
- CIAM System design and implementation using WSO2 identity server. (MBRL - UAE) 2021
- Managed Services Reporting Automation. 2019
- Smart Network Infrastructure Monitoring System. 2017
- Smart Network traffic Monitoring system. 2016
- Network core migration and upgrade 20 GB/s Core. 2016
- RF Frequency management software for Radio Access Network. 2015
- Automatic network alerts visualizer (Visual C#, MS VS). 2015
- Automated copyright complaint emails analysis software (Visual C#, MS VS). 2014
- Automated BGP neighbors monitoring (VB.net, Microsoft Visual Studio). 2014
- Cross-platform voice over IP mobile application (HTML5,CSS3, JS - Phone-Gap).2013
- PTT over Wi-Fi under Android Platform (Java, Eclipse IDE for Android). 2013
- WPA and WEP cracking using backtrack 5: Cracking of wireless networks as a PT. 2012
- Programming of a full Database Management System for a Library (SQL server). 2012
