Profile

Passionate and versatile web developer with hands-on experience in building dynamic and scalable web applications using ASP.NET Core. Adept at creating intuitive user interfaces and optimizing backend systems. Known for problem-solving skills, attention to detail, and a strong commitment to continuous learning. Enthusiastic about leveraging technical expertise to deliver impactful solutions in collaborative environments.

Skills

- **Programming Languages**: C#, JavaScript, HTML, CSS
- **Frameworks & Libraries**: ASP.NET Core, ASP.NET MVC, ASP.NET Web API, Angular, Bootstrap, jQuery, AJAX
- **Databases**: SQL Server, Entity Framework Core, LINQ
- **Development Tools**: Visual Studio, Git, Postman
- **Soft Skills**: Problem-solving, team collaboration, effective communication, adaptability

Education

Bachelor of Computer Science
Lebanese International University, 2022-2025

- Relevant Coursework: Web Development, Data Structures & Algorithms, Database Systems

Experience

Coding Instructor
Bright Champs, 2024-2025

- Designed and delivered coding lessons, simplifying complex programming concepts for children.
- Created age-appropriate lesson plans focusing on engaging and practical coding activities.
- Fostered problem-solving skills by guiding students in developing their own solutions to coding challenges.

- Utilized real-world examples and interactive projects to teach programming fundamentals effectively.

Projects

E-Commerce Web Application

- Developed a fully functional e-commerce platform using ASP.NET Core and Entity Framework Core.
- Implemented user authentication, product management, and a shopping cart feature.
- Optimized SQL queries to enhance database performance and scalability.

Portfolio Website

- Built a responsive personal portfolio website using ASP.NET MVC, Bootstrap, and jQuery.
- Showcased technical projects and provided an intuitive user experience.

Task Management System

- Designed and developed a task management application using Angular and ASP.NET Web API.
- Integrated CRUD functionality and implemented real-time task updates.

Courses

- ASP.NET Core Fundamentals
- Data-driven ASP.NET Core
- Authentication and Authorization in ASP.NET Core
- Configuration and Options in ASP.NET Core
- Logging and Monitoring in ASP.NET.Core
- Secure Coding in ASP.NET Core
- Deploying ASP.NET Core to Azure App Services
- ASP.NET Core Web API

Languages

- English: Fluent
- Arabic: Native

Additional Information

- Available for full-time internship starting as soon as possible.
- Open to relocation or remote work opportunities.
