Interior Architect
September 2022 – March 2025

A company specializing in high-quality furniture, sanitary ware, and tiles, with three branches, where I worked as an Interior Designer, Social Media Coordinator, and Visual Display Specialist, contributing to design projects, managing social media platforms, and organizing product displays.

- Conducted site visits to ensure accurate measurements for tailored interior design plans and 3D renderings.
- Assisted clients in selecting furniture, tiles, and sanitary products compatible with their spaces.
- Prepared and presented proposals, quotations, and layout designs, maintaining regular client communication.
- Selected showroom furniture collections and managed product displays across multiple locations.
- Managed social media platforms (Instagram, Facebook, Website), creating engaging daily posts, video content (reels), and maintaining a consistent brand presence.
- Collaborated with graphic design agencies on marketing materials, including holiday content, billboards, and branded delivery vehicles.
- Updated the company website, removing out-of-stock items and adding new product listings.
- Film and edit high-quality video content (REELS) for social media platforms.
