Maaref University

Bachelor's Computer Science *GPA: 3.76*

Beirut, Lebanon

Sep 2023 -

SKILLS

Programming Languages: Java, Python, C++, c#
Languages: Arabic (Native), English (Proficient)
App Development: Dart (Flutter)

PROJECTS

Zaad Almo2men *Flutter (dart), problem solving*

3amak.github.io/Zaad_Almo2men_web

Zaad Almo2men is a website that contains all daily prayers for muslims (after salat / in specific part of the day), where it contains 20+ prayers and 10+ records for those prayers with audio player.

Scouts Sejel (Scouts Progress log) *Flutter (dart)*

It is a mobile app that helps scout volunteers easily track their progress on the requirements they need to complete for each stage. It provides a clear overview of what they've learned and what's left, making it easier for them to qualify for badges.
