Professional Experience

2017/01 – present Beirut, Lebanon	**Mobile shop** *Mr.Pure* Consistently achieved sales targets, while providing exceptional customer service. Initiated and successfully executed a business development project, expanding the customer base by securing orders from over 1,300 local businesses. Efficiently managed daily operations, including payment collection, account reconciliation, and maintaining accurate financial records.
2018/07 – 2020/08 Beirut, Lebanon	**IT** *Vietnam Gaming center* ↗ Provided technical support by troubleshooting software and hardware issues, updating game servers, and managing network infrastructure. Managed data transfers to ensure integrity and security. Assisted customers with purchases, recommended products, and promoted gaming services.

Projects

2023/12 – 2024/08	**Senior project** *Gaming website* (*Tournament hosting*) Successfully developed a competitive gaming website using HTML, CSS, JavaScript, PHP, and PHPMyAdmin. The platform enables users to register for tournaments, form teams, and engage in competitive gameplay. I am proud of the robust database structure and user-friendly interface I implemented, contributing to a seamless and enjoyable experience for gamers.
