

# LYNN HARIKA

CHEMICAL AND PETROCHEMICAL  
ENGINEERING STUDENT

+961 03629613

harikalynn@gmail.com

City Rama, Dekwaneh

## Overview

Motivated Chemical and Petrochemical Engineering student with experience in laboratories, oil testing, and health and safety protocols. Eager to contribute technical skills while seeking opportunities for career growth and development in a dynamic engineering role that fosters innovation and safety.

## Experience

### Summer Camp Monitor — Cosmopolitan Hotel Private Club (Summer 2023)

Supervised and organized recreational activities for children.  
Ensured a safe and engaging environment for participants.

### Private Tutor (2022)

Delivered lessons in French, Mathematics, Physics, and Chemistry to students of all school levels.  
Helped students achieve significant improvements in academic performance.

### Customer Service: Call Center Agent — McDonald's (Summer 2022)

Provided exceptional customer service by managing inquiries and resolving issues efficiently.  
Maintained high satisfaction ratings through effective communication.

## Education

### Saint Joseph University (USJ ESIB) — Beirut, Lebanon

Engineering Diploma in Chemical and Petrochemical Engineering (Expected 2026)

### Collège Élysée — Hazmieh, Lebanon

French Baccalauréat (2021)

## Internship

### Logistics Brigade, Army (December 2023)

Analyzed oil samples and contributed to quality assurance processes.  
Gained insights into textile production and applications.

### MEDCO (May 2024)

Acquired comprehensive knowledge about oil and gas operations.

### Chateau Ksara (July 2024)

Developed and implemented a Health and Safety project for the bottling section.  
Assessed operational risks and suggested preventive measures.

## Extracurricular Activities

Model United Nations (MUN) Participant — Lebanese American University (LAU) (2017)

Delivered numerous speeches and participated in debates, enhancing public speaking and communication skills.

Collaborated on a project focused on UN Habitat, addressing sustainable urban development.

Developed strong teamwork and diplomatic negotiation abilities through committee sessions.

## Achievements

Successfully conducted a Health and Safety project at Chateau Ksara.  
Maintained high academic standing in a rigorous engineering program.  
Managed diverse responsibilities through internships and part-time roles.  
Enhanced communication and leadership skills through active participation in MUN conferences.

---

## Technical Skills

Proficient in **Excel** and experienced with **Aspen HYSYS** for process simulations. Basic knowledge of **MATLAB**, familiar with fundamental functions and scripting.

## Languages

**Arabic:** Native speaker  
**French:** Excellent  
**English:** Excellent  
**Spanish:** Intermediate
