SUMMARY

As a full stack web developer, I have the ability to adapt to different environments, whether I am working independently or as part of a team. I always aim to produce high-quality results that meet deadlines and expectations. I am also passionate about learning new things and always enhancing my skills as a developer

- WORK EXPERIENCE
- Web Developer

Freelancing

Developer and customized dynamic web application using Angular

11/2024 - PRESENT

Angular Frontend Developer

Karim Press

- Optimized performance by reducing API calls, implementing lazy loading, and leveraging Angular best practices.
 - Developed and maintained dynamic web applications using Angular, ensuring a smooth and responsive user experience.
 - Integrated RESTful APIs into Angular applications for efficient data handling and seamless communication.

01/2024 - 10/2024

Full Stack Intern

BetaSquad

- Learned to build dynamic web applications using Angular, gaining hands-on experience with lazy loading, modular architecture, and two-way data binding to improve performance.
 - Designed and implemented Restful APIs in .NET, integrating them in Angular application for efficient data handling

09/2023 - 01/2024

- EDUCATION
- Lebanese International University | 2022-2025

Bachelor degree in Computer Science

80+ hours in Udemy Angular courses
