

Nour Chorbaji

Electrical and Electronics Engineering Student

✉ nour.shourbaji@outlook.com ☎ +961 71 289 205 📍 Beirut, Lebanon 🌐 @nour-chorbaji

Education

2022/09 – present **Bachelor of Engineering (BE) in Electrical and Electronics Engineering**
Beirut, Lebanon *Lebanese University*

Technical Skills

Linux, C++, C, C#, Python, , SQL, AutoCAD, MATLAB

Projects

Car Rental Service System

C# project that combines advanced Object-Oriented Programming (OOP) concepts with file handling techniques to manage a car rental business effectively. The system facilitates booking, managing customers, and tracking vehicle availability, ensuring data persistence through file storage.

ATM Simulation System

Utilizing advanced C++ concepts to develop a program that simulates ATM functionalities, including IBAN validation and operations which include retrieving user information stored in CSV files

Snake Game

Developed a classic Snake game program using C++

A Comprehensive Study on Microcontrollers

Conducted an in-depth study on the design, implementation, and optimization of microcontroller systems.

Languages

English	Arabic	French	German
Native Proficiency	Native Proficiency	Limited Working Proficiency	Goethe Zertifikat A2

Soft Skills

Teamwork, Communication, Pressure Management, Problem Analysis, Organization, Educational Commitment, Innovation, Attention to Detail

Activities

IEEE (member), Cybersecurity Club (member)
