## Summary

---

An ambitious undergraduate student, eager to expand my expertise and improve my skills. With my motivation, I am ready to take on any task and learn new skills.

## Work Experience

---

### 2018-present

Private teaching for intermediate and secondary levels

## Education and Training

---

### 2019-2020

Baccalaureate Degree in General Sciences | Haret Hreik Public School

### 2021-present

Bachelor Degree in Mechanical Engineering | Maaref University

## Researches and Projects

- 
- Design of Gantry Crane with SolidWorks Load Simulation – Research in Mechanics of Materials – 2024
  - Suspension Systems in Automobiles – Research in Mechanical Vibrations – 2024
  - Design of Hand Control for Handicapped – Research in Kinematics and Dynamics of Linkage – 2024
  - Impact of Car Window on Fuel Consumption – Research in Fluid Mechanics – 2024
  - Design of an Axial Fan with Simulation using SolidWorks – Project in Fluid Mechanics – 2024

## Certificates

- 
- Completion Arduino beginner Level – GLOW – 2021
  - Completion AutoCAD Level 1 – GLOW – 2022
  - Completion MATLAB Intermediate Level – Al Maaref University – 2023
  - Completion Hourly Analysis Program (HAP) – Al Maaref University – 2024

## Digital Skills

- 
- |              |                                 |
|--------------|---------------------------------|
| • SolidWorks | • MS Office                     |
| • AutoCAD    | • Hourly Analysis Program (HAP) |
| • MATLAB     |                                 |

## Soft Skills

- 
- |                          |                    |
|--------------------------|--------------------|
| • Time Management        | • Active Listening |
| • Problem Solving        | • Adaptability     |
| • Collaborative Teamwork |                    |

## Language Skills

- 
- Arabic Language (Native)
  - English Language (C1)
  - Persian Language (Beginner)
