EDUCATION

2023-2025
BEIRUT ARAB UNIVERSITY

- Bachelor in computer science
- Undergraduate Student
- GPA: 3.0 / 4.0

SKILLS

- Project Management
- Public Relations
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English (Fluent)
- Arabic (Fluent)
- french (Basics)

PROFILE

I am a computer science student skilled in programming and web development, with experience in Java, C++, and PHP. I have developed a waste management system and a news website, and I'm currently learning Flutter and Dart for mobile development.

PROJECTS

News Website

- Developed a fully functional website that allows users to browse and filter news articles by category.
- Implemented a responsive design to ensure compatibility across various devices and browsers.
- Created a backend using PHP and SQL for article management and dynamic content updates.

Waste Management System

- Designed and implemented a system using Object-Oriented Programming (OOP) to manage waste dispos
- Integrated functionalities for categorizing, tracking, and reporting waste disposal data.
- Focused on creating a user-friendly interface and ensuring data accuracy for better resource management.

Ongoing Mobile App Project

- Incorporating interactive features, such as real-time updates and a clean, intuitive user interface.
- Ensuring seamless integration with backend services for data synchronization and performance optimization.
- Developing a cross-platform mobile application using Flutter and Dart to enhance user engagement and accessibility.
