

# Jad Baddour

Software Engineer

---

## Summary

I am a motivated and detail-oriented second-year Computer and Communications Engineering (CCE) student at Lebanese University. With a strong passion for technology and problem-solving, I am building a solid foundation in programming, systems design, and communication networks. My enthusiasm for innovation and eagerness to learn equip me to excel in dynamic environments. I am committed to applying my skills and knowledge to create impactful solutions and contribute meaningfully to the tech industry.

## Education

---

I am currently a second-year Computer and Communications Engineering (CCE) student at the Lebanese University. My studies focus on software development, data structures, algorithms, and emerging technologies, providing me with a strong foundation in computational theory and practical problem-solving skills.

## SKILLS

---

### Technical Skills:

- *Data Structures*
- *Algorithms*
- *C*
- *C#*
- *Java*
- *SQL*
- *OOP*
- *Proficient in Microsoft Word, Visual Studio, and Notepad++*
- *Networking*
- *Digital electronics*
- *Analog electronics*
- *Statistical analysis*

### Soft Skills:

- Communication Skills
- Problem-Solving
- Adaptability
- Time Management
- Teamwork
- Emotional Intelligence
- Leadership
- Critical Thinking
- Conflict Resolution
- Creativity
