

Charbel Abdallah

SOC Analyst

Email: Charbelabdallah.ca.2001@gmail.com

Phone: +961-76428989

Location: Batroun, Lebanon

LinkedIn: www.linkedin.com/in/charbelabdallah2001

Objective

A dedicated **SOC Analyst** with foundational knowledge in cybersecurity, specializing in threat detection, incident response, investigation and security monitoring. Eager to leverage hands-on experience with tools like **Microsoft Sentinel**, **Microsoft Defender**, and **Microsoft Intune** to enhance the security posture of an organization and protect critical assets.

Education

Bachelor of Science in Networking & Security

Arab Open University, Lebanon

Graduated: June 2024

Skills

Security & Incident Response:

- Experienced in using **Microsoft Sentinel** and **Microsoft Defender** for monitoring, analyzing, investigate and responding to security incidents.
- Familiar with **Security Operations Center (SOC)** processes, including threat detection, incident management, and response.
- Knowledgeable in **Microsoft Intune** for device management and security

Networking & Protocols:

- Skilled in **Cisco technologies** and advanced network configuration using **Cisco Packet Tracer**.
- Knowledge of network protocols such as **TCP/IP**, **DNS**, **DHCP**, **VPN**, and **Firewall** management.
- Competent in troubleshooting and resolving complex network issues.

Programming & Systems Administration:

- Experienced in **Linux server administration** and scripting with **Java, Python, and C#**.

Soft Skills

- Strong research abilities
 - Excellent communication (technical and non-technical audiences)
 - Team collaboration
-

Experience

SOC Analyst Intern

Procomix Technology Group (PTG) / Zalqa, Lebanon / March 2025 – April 2025

- Gained hands-on experience using **Microsoft Sentinel** and **Microsoft Defender** for monitoring, analyzing, investigate and responding to security incidents.
- Actively participated in **Security Operations Center (SOC)** processes, including threat detection, incident management, and incident response.
- Gained practical knowledge of **Microsoft Intune** for device management and security within the organization

Intern, Network Security

POTECH Consulting S.A.R.L. / Beirut, Lebanon / October 2024 - January 2025

- Collaborated on the SOC team to safeguard digital infrastructure.
- Conducted thorough reviews to secure network infrastructure, communicating findings effectively.
- Designed and implemented complex network topologies.

Telecommunications Trainee

OGERO / Tripoli, Lebanon / July 2024 – September 2024

- Analyzed telecommunications services and technologies.
 - Conducted performance evaluations of digital telephone switches
-

Certifications

- **Certificate of Internship in SOC Analyst** – PTG (April 2025)
 - **Certificate of Internship in Cyber Security** – POTECH Consulting S.A.R.L. (January 2025)
 - **Honours Program in Networking and Security** – Royal Charter of the Open University, UK (June 2024)
 - **Fundamentals of Cyber Security** (November 2024)
 - **CCNA v7: Enterprise Networking, Security, and Automation** (April 2024)
 - **CCNA v7: Switching, Routing, and Wireless Essentials** (December 2023)
 - **CCNA v7: Introduction to Networks** (June 2023)
-
