SUMMARY

A dedicated and detail-oriented professional with two years of experience in Business Operation and Risk Quality. Possesses strong communication skills, technical knowledge, and a commitment to excellence. Seeking an opportunity to leverage expertise in contributing to organizational goals, driving growth, and achieving personal and professional success in the field of Business.

Experience

Strategy& Middle East – *Part of PwC network* – Business Consulting and Services

Risk and Quality Coordinator (March 2023 – Present)

- Oversaw compliance checks and clearance procedures prior to project acceptance, ensuring all regulatory, internal, and client-specific requirements were met.
- Acted as a key point of contact between Strategy&, the KYC department, conflicts team, and external clients—streamlining the information exchange required for project approval and risk mitigation.
- Proactively monitored and supported compliance throughout the project lifecycle, ensuring readiness to provide strategic guidance and required documentation at every stage.
- Conducted detailed reviews of consulting project scopes for PwC audit clients, identifying potential conflicts of interest and coordinating approvals with audit partners to safeguard independence and compliance.
- Evaluated and submitted external subcontractor assessments, aligning expert profiles and technical capabilities with project requirements to enhance delivery quality and mitigate risk.
- Played a central role in cross-departmental reporting, providing timely and actionable insights that supported informed decision-making across risk, legal, and delivery teams.

Emergency Medical Technician (Volunteering) – Lebanese Red Cross, Beirut. (March 2021 – March 2025)

Education

ESA Business School – M1 in International Management (September 2022 – July 2023)
