Meslimawad@gmail.com

My goal is to become associated with a company where I can utilize my skills and gain further experience while enhancing the company's productivity and reputation.

EXPERIENCE

Coding – Internship

Feb 2025 – Mar 2025

42-School

Completed an intensive one-month coding bootcamp focused on problem-solving, peer learning, and hands-on programming in C.

Developed skills in algorithms, data structures, memory management, and shell scripting.

Successfully solved 100+ coding challenges, emphasizing clean code and efficient solutions.

Collaborated on team projects, including:

Shell Implementation: Built a custom shell program to execute commands and manage processes.

C Programming Projects: Developed programs for tasks like string manipulation, file I/O, and basic game logic.

Algorithm Challenges: Solved problems involving sorting, searching, and optimization.
