DOB: 28.07.2008

PROFILE

I am a multi-skilled person who enjoys various activities, and naturally inclined to collaborating with others, finding solutions, and applying ideas. I am also a passionate student who aims to study engineering, with a good background in physics and math. On the side I am an athletic person with experience in various sports such as football, basketball, skiing and a professional in swimming, karate and violin with over 8+ years of experience in each.

ACTIVITIES

Swimming (10 years)

Karate (8 years -brown belt)

Violin (7 years)

Football (6 years)

Badminton (2 years)

Ski (4 years)

EXPERIENCE

2025 Coding Olympiad

I qualified to the coding Olympiad that Murex is organizing in collaboration with the French government, and I hope to get qualified for the final round

2025/April: Maths Olympiad:

The French association AEFE hosted the international Math Olympiad at the College Protestant Francais for the Lebanon region. I had the chance to qualify and to participate in this activity.

2024/ July: LAU engineering camp:

I participated in an engineering summer camp at LAU during summer 2024. This was a great initiation into the vast engineering world. This summer camp helped me confirm my interest in becoming an engineer

2023-24: LAU MUN:

The 13th LAU Model Arab League Annual High School Conference was organized by the Lebanese American University. I took part in this experience which helped me boost my public speaking and leadership skills, in addition to training us in quick thinking to solve various problems. This experience was quite significant in developing a sense of global issues and developing leadership skill

EDUCATION

College Louise Wegmann

I have attended College Louise Wegmann in Beirut from KG1 to Grade 12. This school is ranked 1st in the middle east and 3rd in the world and I am proud to be a student in this school with very good grades, at the top 8% of my class.
