OBJECTIVE

I am a driven second-year computer science major dedicated to leveraging technology to solve complex problems. I am deeply interested in fields such as software development, data science, and cybersecurity, and am actively developing my skills in programming and computational thinking. My goal is to apply my knowledge in practical settings through internships and collaborative projects. I am keen to explore how cutting-edge technology can be used to create impactful solutions and am looking for opportunities that will help me grow.

EDUCATION

Current	**Bachelor's degree in computer science**
	American University of Science and Technology - AUST
2023 – Beirut	**Baccalaureate in general sciences -With Highest Honors**
	Ecole des Trois Docteurs

EXPERIENCE
