SUMMARY

I am Hassan moussa a Computer Science graduate with strong expertise in Flutter development, mobile app architecture, and UI/UX design. Experienced in developing and deploying high-quality applications, problem-solving, and working in agile environments. Passionate about delivering innovative solutions and enhancing user experiences. Proven ability to work collaboratively in dynamic teams and lead development projects from conception to completion.

EXPERIENCE

Flutter Developer

Code&Ex | Aug 2022 – Present | Beirut, Lebanon

- Developed and maintained high-performing mobile applications using Flutter.
- Spearheaded projects such as a Doctor-Patient Management App, University Clubs App, and Expense Tracker.
- Implemented state management techniques including GetX and Cubit.
- Integrated Firebase backend services for authentication, real-time database, and push notifications.
- Designed engaging UI/UX using CustomPainter and AnimationController for enhanced user experience.
- Optimized RESTful API integration, improving system architecture and performance.

Flutter Developer

Softimpact | April 2024 | Beirut, Lebanon

- Developed and enhanced mobile applications, contributing to major projects like LBCI App, Al Jadeed, Al Sharq Now, and Ticketing Box Office.
- Applied Clean Architecture principles for maintainable and scalable application development.
- Designed and implemented responsive UI/UX prototypes using Figma and Adobe XD.
- Utilized Git and GitHub for version control, ensuring streamlined collaboration.
- Strengthened expertise in Dart, Flutter, RESTful APIs, and OOP methodologies.

Web Development Intern

Bright-LB | 2024 | Beirut, Lebanon

- Gained hands-on experience in React.js for front-end development.
- Assisted in building interactive and responsive web applications.
- Learned and applied best practices in component-based architecture and state management.
- Worked in a collaborative environment, using Git for version control.

Coding Educator

Brightchamps | 2021 – 2024 | Remote (India, Online)

- Delivered personalized coding lessons to students aged 6 to 16, tailoring content to different learning styles.
- Developed and implemented interactive coding tools to enhance student engagement.
- Recognized as 'Innovative Educator of the Year 2023' for pioneering teaching methods.
- Taught core programming concepts, emphasizing clean, testable, and maintainable code.

Sales & Cashier

Arnaout Restaurant | 2023 – Present | Beirut, Lebanon

- Managed daily sales transactions with accuracy and efficiency.
- Provided exceptional customer service, ensuring a smooth dining experience.
- Maintained accurate financial records and handled point-of-sale (POS) operations.
- Assisted in inventory management and coordinated with the kitchen staff for order processing.
- Developed strong communication and teamwork skills in a fast-paced restaurant environment.

SKILLS

- Programming: Flutter (Dart), Java, Python , JavaScript, HTML , CSS
- Frameworks & Tools: Firebase, RESTful APIs, MVVM, GetX, Cubit, React.js

- UI/UX Design: Figma, Adobe XD, CustomPainter
- Version Control: Git, GitHub
- Soft Skills: Agile Development, Problem-Solving, Team Collaboration, Communication

EDUCATION

BSc. Computer Science

Arab Open University | 2021 – 2024 | Tripoli, Lebanon

LANGUAGES

- Arabic: Native
- English: Fluent
- French: Intermediate

CERTIFICATIONS & ACHIEVEMENTS

- Innovative Educator of the Year 2023 – Brightchamps
- Successfully led and deployed multiple mobile applications in real-world environments
- Strong background in software architecture, UI/UX, and backend integration
