Elina Karout

Awkar, Lebanon
(961) 78809958
elliekarout@gmail.com

Experienced web developer, skilled with front-end and back-end technologies, always up for new challenges and opportunities

PROJECTS

Robotics — *Arduino*

Did several Arduino projects, from assembly to code, including but not limited to: remote-control cars, or sensor based projects, within my first 2 years after graduation.

Programming— *Node.js*

Trying several introductory projects, including CRUD applications.

Full Stack Apps— *React.js + Next.js*

Using Next.js framework and React.js library for different UI elements.

Express.js, MongoDB and other server manipulations for backend aspects.

EXPERIENCE

Local Host, Beirut— *Guest Experience Agent*

DEC 2022 - SEP 2023

Managing the Airbnb company's guest support aspect.

Gilgamesh, Antelias— *Waitress*

2020 - 2022

Serving guests part time, as well as hosting on the weekends.

Freelance — *Math/Physics Private Tutor*

2020 - PRESENT

Helping high school students with Math or Physics school work, as well as exams preparations

EDUCATION

Champville, Deek El Mehdi— *French Bac-Maths*

Graduated in 2020

Graduated High School's science branch, Maths specifically.
