As a computer science student , im passioned about learning and applying my skills in software development and problem solving, with experience in various programming languages, I'm enthusiastic about exploring new technologies and advancing in this dynamic field.

EDUCATION

Lebanese University - Faculty of Science - Second Branch - ULFS-2   **Fanar**

Bachelor's Degree in Computer Science

Expected Graduation in 2025

WORK EXPERIENCE

WOODEN BAKERY   **Naher-El-Mot**

08/2022 -12/2023

I worked at the bread section serving customers all kinds of fresh bread , this job experience helped me interact with new people,and improved my communication skills

PROJECTS

TripFly   *12/2023 - 01/2024*

Created a website called " TripFly" using html , css and javascript , I worked on making it more responsive and more semantic for the user.   http://tripfly.atwebpages.com/

Home Automation Management   *01/2025 – 02/2025*

Developed a web application using React.js in Front-End and Node.js with MySql database for the Back-End

ACTIVITY

Lebanese Collegiate Programming Contest   *09/2024 – 11/2024*
Participated with my teammates in the 2024 LCPC, securing rank 11.

CERTIFICATE

CCNA 1   *29/8/2024*
