SUMMARY

I am currently pursuing my master's degree in Business Analytics at the American University of Beirut (AUB), with an expected graduation in August 2025. Prior to this, I graduated from Notre Dame University - Louaize (NDU) in 2023 with a degree in mechanical engineering. Alongside my academic journey, I have completed training in AI, business analysis, and data science, gaining valuable hands-on experience in developing functional requirements and problem-solving through coursework and projects. Additionally, I hold certifications in business analysis and student leadership.
