

KAMEL SALEH, Civil Project Engineer

EM: [kamelsaleh21@gmail.com](mailto:kamelsaleh21@gmail.com)

PH: +961 76752652

Location: Beirut, Lebanon

Profile

Highly skilled Civil Engineer with over 6 years of experience in structural design, project management, logistics coordination, BIM, and client-focused consulting. Proven ability to lead construction projects and develop detailed structural plans. Adept at coordinating multidisciplinary teams, ensuring compliance with international codes and standards, and delivering high-quality engineering outcomes across diverse global settings.

Area of Expertise

• Project Planning & Execution	• Code Compliance (ACI, IBC)	• SAFE
• Engineering Consulting	• Regulatory Compliance	• ETABS
• Logistics Coordination	• Client Relations	• AutoCAD
• Structural Analysis & Design	• Revit & BIM Methodologies	• Robot Structural Software

**Soft Skills:** Communication Skills, Leadership Skills, Time Management, Organizational Skills, Analytical and Problem-Solving Skills

**Languages:** Fluent in English and Arabic (Reading, Speaking, & Writing)

Experience

<b>Civil Engineer</b> ARCH	Lebanon 12/2024 – Present
<ul style="list-style-type: none"><li>Perform detailed on-site inspections of buildings to assess structural integrity.</li><li>Determine the severity of damage and advise on required actions—repair, renovation, or full reconstruction.</li><li>Prepare and review structural drawings and design plans for proposed interventions.</li><li>Provide technical solutions and recommendations that comply with engineering standards and local regulations.</li></ul>	
<b>Civil Engineering Project Manager</b> Roumico	Equatorial Guinea - Central Africa 10/2021 – 09/2024
<ul style="list-style-type: none"><li>Conducted precise structural analysis and design, ensuring alignment with industry standards for all construction aspects.</li><li>Managed load calculations, stability assessments, and material selection for safe and efficient structural systems.</li><li>Prepared structural plans and drawings using Revit, incorporating BIM practices to streamline coordination and revisions.</li><li>Led seamless collaboration among stakeholders, including sub-contractors, consultants, and regulatory bodies.</li><li>Conducted comprehensive analysis of civil engineering elements, optimizing resource allocation, and enhancing project feasibility.</li></ul>	
<b>Business Development Engineer</b> Saleh’s Construction	Lebanon 1/2020 – 10/2021
<ul style="list-style-type: none"><li>Reviewed tender documents and contributed to technical bid preparation for public and private projects.</li><li>Evaluated project feasibility from an engineering perspective to support strategic decisions.</li><li>Collaborated with project teams to align structural plans with client requirements and site conditions.</li></ul>	
<b>Owner Engineer</b> Al Habib Medical Group	Saudi Arabia 11/2018 – 12/2019
<ul style="list-style-type: none"><li>Conducted thorough site inspections on completed construction activities, aligning with quality standards.</li><li>Ensured seamless collaboration among diverse contractors, promoting effective communication, and streamlined project execution.</li><li>Efficiently managed project timelines and progress, ensuring on-time delivery and client satisfaction.</li><li>Performed on-site civil engineering assessments and structural analyses, leveraging advanced BIM software to evaluate and enhance construction frameworks.</li></ul>	

Education

- American University of Beirut | 2018  
Bachelor’s Degree In Civil & Environmental Engineering
- Data Analysis Google Certification | 2024
